Complain about the high cost of living, if you want to; but don't take it all out in complaining. Refuse to buy unreasonably priced goods and you will be helping to bring old H. C. L. down to sea level.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

SHARPLES SUCTION-FEED CREAM SEPARATOR

IT SKIMS CLEAN AT ANY SPEED

You can "rest up" as you work, turning slowly and easy-like.

Or you can turn faster and finish quickly.

But no matter how fast or how slow you turn the Sharples, you'll find that the cream hasn't varied a bit in thickness, nor have you lost a particle of butterfat through turning under speed.

This is due to the Sharples Suction-feed principle. No other separator can use this principle as it is patented. All other separators are fixed-feed and when you turn fast your cream thickens, and when you turn below speed you lose butterfat.

Official tests made by nearly all agricultural colleges have proved that the Sharples skimmed clean at widely, varying speeds—without affecting thickness of cream at the varying speeds. Write for full report.

The Sharples Separator works with you as well as for you.

Get the facts about separators. They will show you the way to greater profits. Write to nearest branch, addressing Department

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Cramps!

Says Mrs. Frank Hagler, of Carbondale, Ill.: "I was suffering terrible cramps and pains each month. I had used... but it didn't give any permanent relief. The pains came back on me just the same as before... After taking Cardui, I was entirely relieved from the pains, and have never been bothered with them since."
